CHINA'S FIRST MODERN ARMY

(By Associated Press)

PEKING, July 19.—An expedition for the defense of the northwestern frontier against General Semenov's alleged aggression is China's most modern military effort. Five thousand troops trained by Japanese are going toward Urga. This is the first time in Chinese history that steam trains have been employed for transportation of troops. It is expected that airplanes also will be utilized.

FOR QUICK ACTION ON YOUR MONEY Get Into the Oil Game

FALLON OIL AND GAS CO'S. FIRST OFFERING OF STOCK AT TEN CENTS A SHARE IS A GOOD BUY

It's a speculative venture, a gamble if you please, but if you will call at the office and read the geologist's report on the Fallon field you'll agree that the chances are all in our favor for striking oil and at no great depth.

THE FALLON OIL & GAS COMPANY has 4000 acres in the heart of the Fallon Oil Field, and THIS INCLUDES THE LINDNER HOLDINGS WITH THE OLD GAS WELL, of which the geologist says:

"It burns with a bright yellow hydro-carbon flame That shows that petroleum exists under this well."
